The Company reminds that Mr. Philippe de Verdalle resigned from his positions as director and chairman of the appointment and compensation committee on August 28th, 2020 (see press release from August 31st, 2020).

Consequently, the board of directors of the Company has unanimously decided, on a proposal from GoldenTree and on the recommendation of the appointment and compensation committee, to appoint to this day **Mr. David Eckert** and **Mr. Paul Russo** as board members of the Company, respectively replacing Mr. Eric Boustouller and Mr. Philippe de Verdalle who resign.

Mr. David Eckert and Mr. Paul Russo are appointed for the remaining term of the offices of Mr. Eric Boustouller and Mr. Philippe de Verdalle, i.e. until the end of the 2024 annual shareholders' meeting called to approve the financial statements for the fiscal year ending December 31st, 2023 and until the end of the 2021 annual shareholders' meeting called to approve the financial statements for the fiscal year ending December 31st, 2020 respectively.

Previously, David served as President and CEO of the Hibu Group, operating in 8 countries on 4 continents. As a result of a revised business strategy and thanks to the relevance of the execution, Hibu doubled its enterprise value, ultimately creating over €1 billion in new value, over David's tenure. In accordance with the recommendation of the appointment and compensation committee, the Company's Board of Directors has considered that Mr. David Eckert and Mr. Paul Russo do not satisfy the criteria provided by the Afep-Medef Code to be qualified as independent. The Company's Board of Directors is therefore composed of 9 members, including 5 independent directors and one director representing employees.

As announced by the Company in its press release dated August 31st, 2020, Mr. Pierre Danon, Chairman of the Board of Directors, will assume the management of the company as from October 5th, 2020. The financial terms of Mr Eric Boustouller's departure will be published in a separate press release.
